2.2 Access Platform As a User.....4

2.3 Create and submit an application (short proposal).....5

1 Introduction

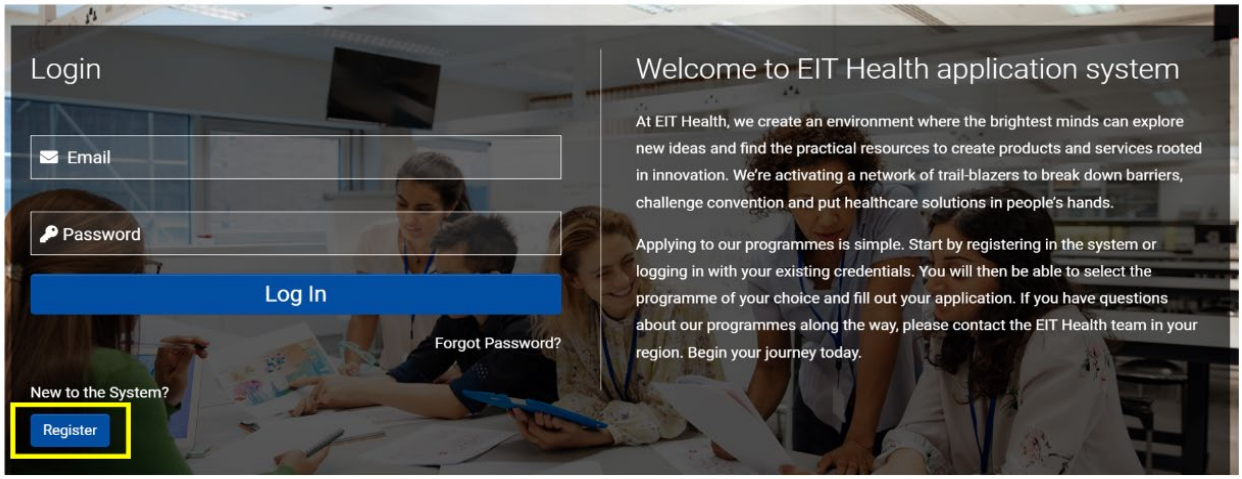

Applying to EIT Health programmes is simple. Start by registering in EIT Health Application system or logging in with your existing credentials. You will then be able to select the programme of your choice and fill out your application. If you have questions about our programmes along the way, please contact the EIT Health team in your region.

Begin your journey today!

2 Generic Information

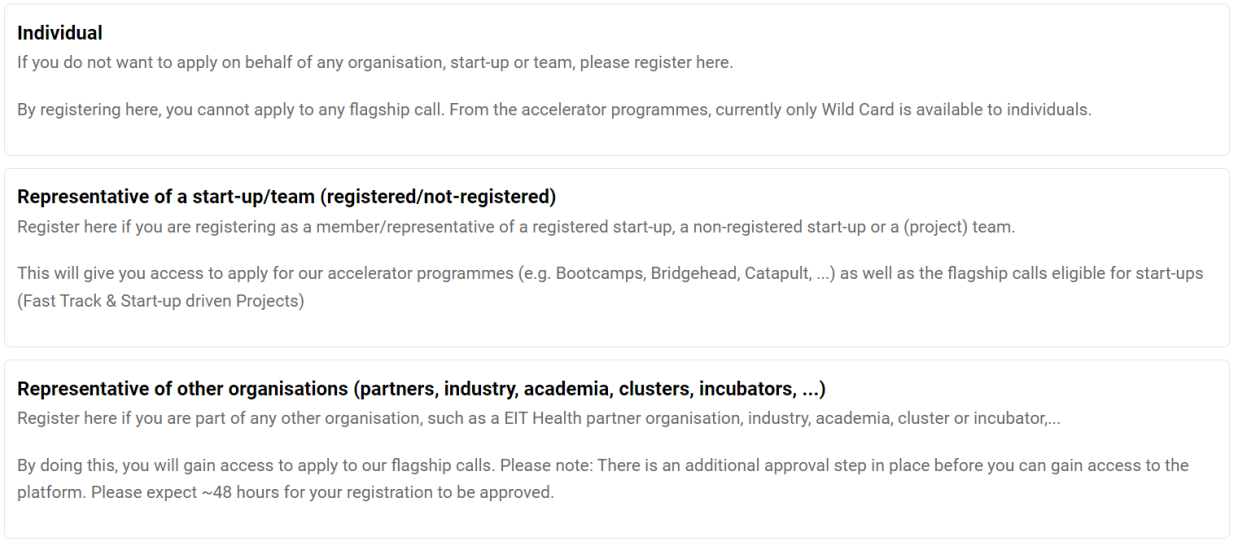

2.1 User Registration

1. Access the home page via https://eithealth-apply.eu-1.smartsimple.eu/
2. Select register in the bottom left side, highlighted in yellow.

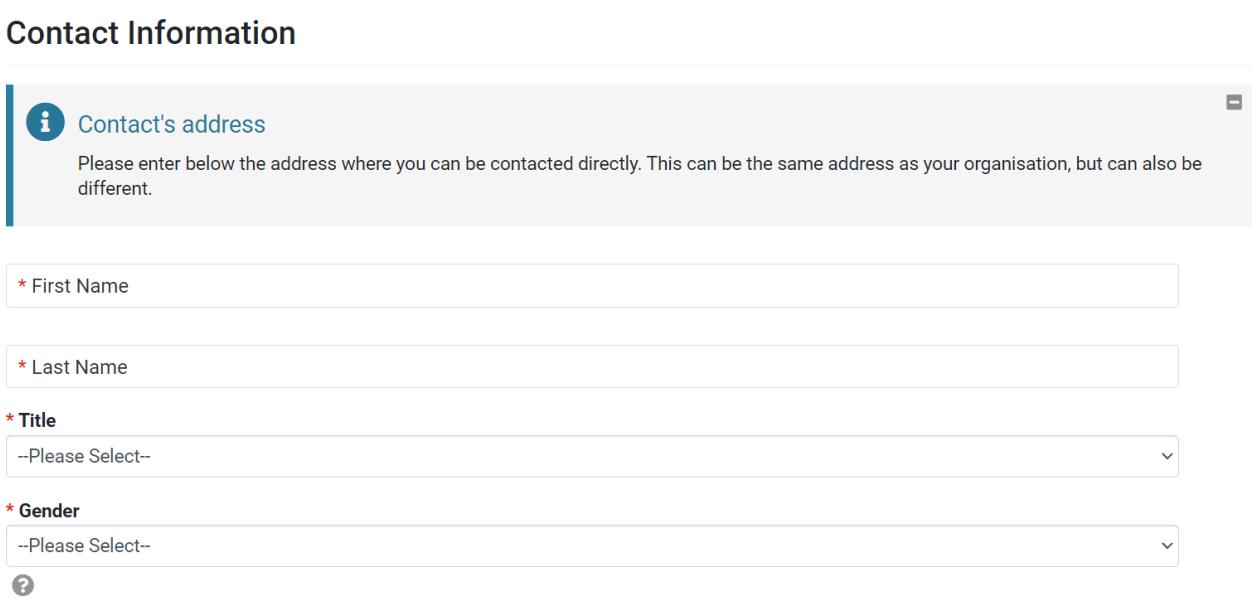

3. Choose the appropriate option (as individual, as representative of start-up / other organisations, as reviewer/expert).

   Please note that if your organisation has an account in Plaza, you'll find your option in the auto-complete from existing organisations. Otherwise, you would need to click the hyperlink to create a new one.

4. Complete the relevant registration form; name, last name, address etc.

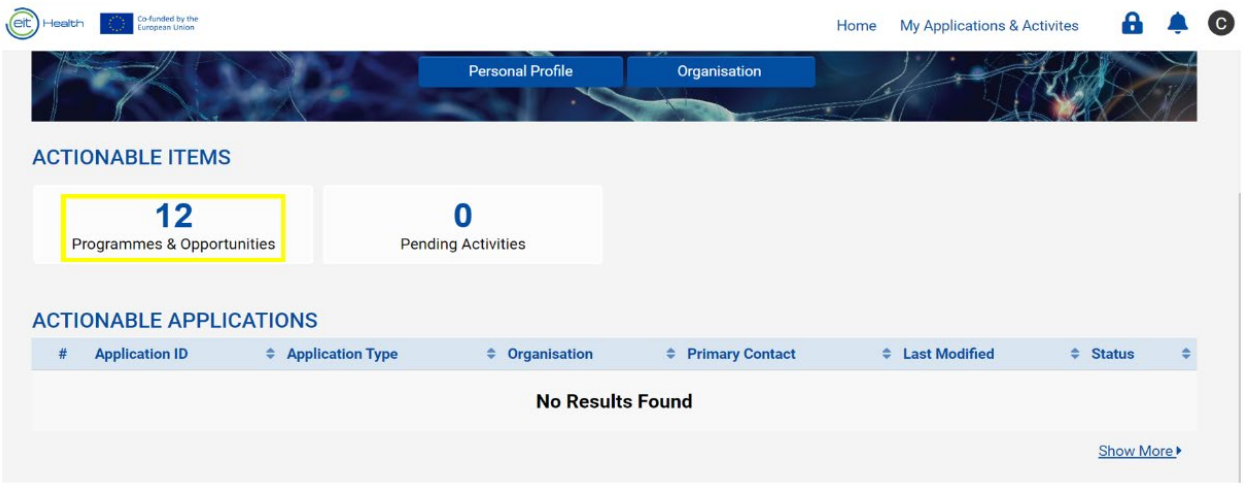

5. The user will then receive an email similar to the one below to activate the account.

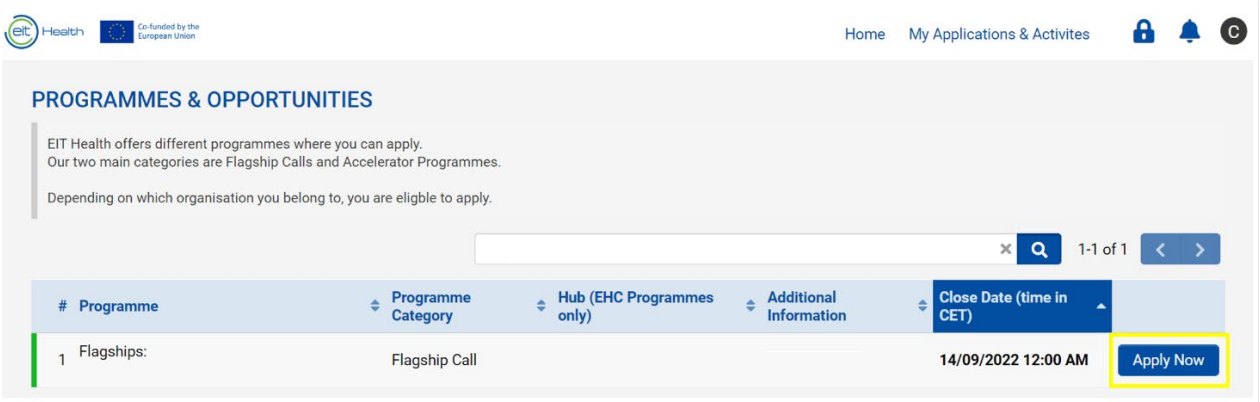

2.2 Access Platform As a User

1. Once user's account access is granted, the user can view their profile, the profile of their organisation, open opportunities, and applications (e.g. proposals that are already in progress).

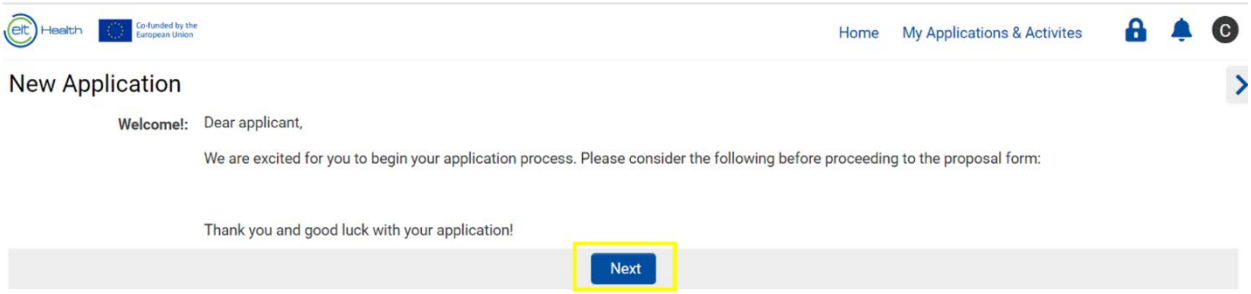

2.3 Create and submit an application (short proposal)

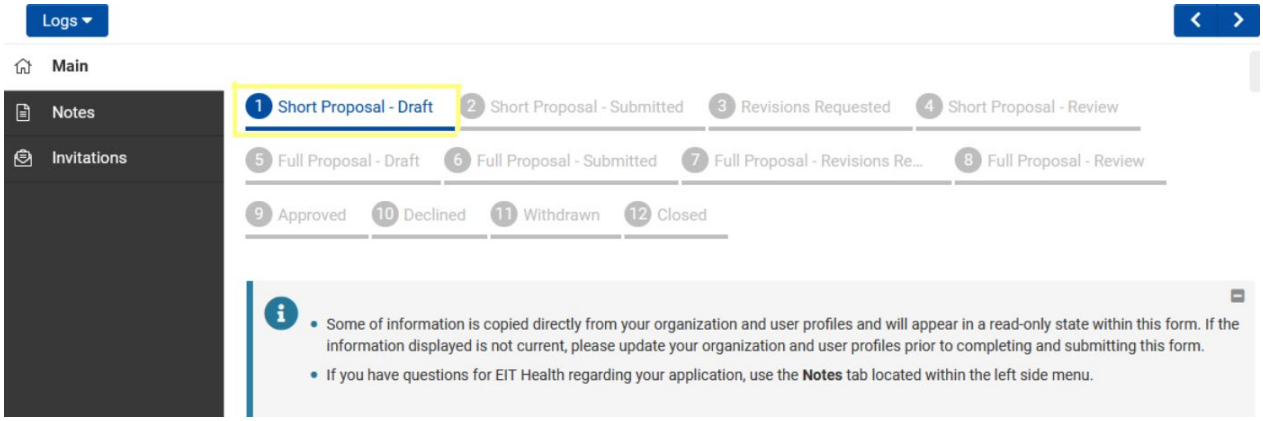

1. User browses the available opportunities and selects ‘Apply now’ to the relevant programme.

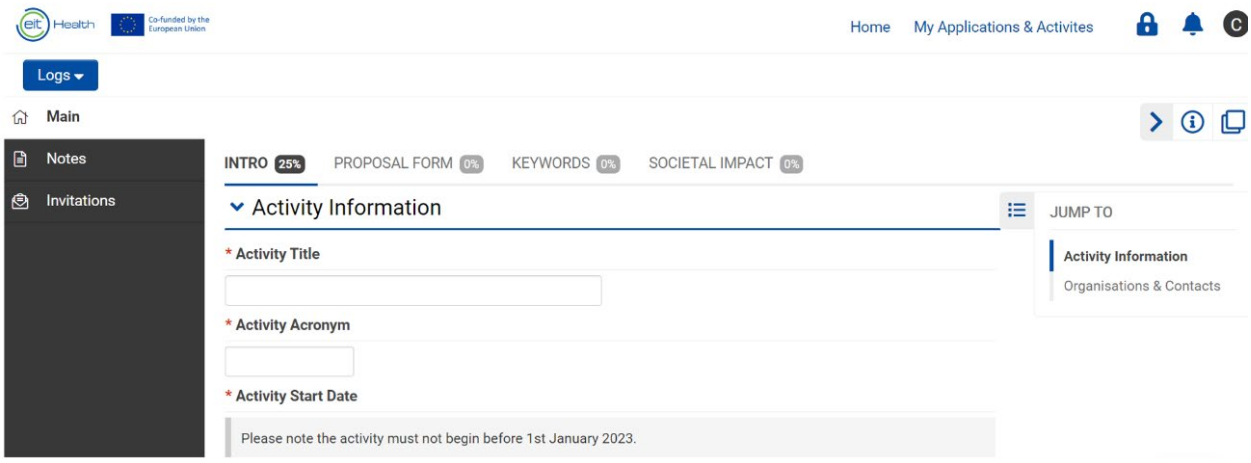

2. User then views the welcome page for the programme and clicks next to get to the main application form.

3. User works through Tab 1 Short Proposal-Draft completing all the relevant fields (for e.g. Activity information, Elevator Pitch etc.).

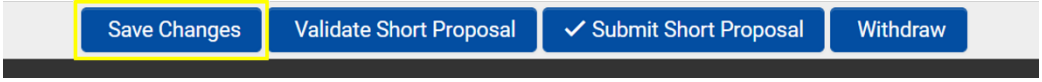

4. User has also the option to download Short Proposal Summary with or without instructions as a PDF.

5. User can use ‘Save Changes’ button to save the added information.

6. User can use the ‘Validate’ button to check for errors.

7. Once completed, the user clicks to submit.
